Chair Shell ZC Pad

Upholstered Shell & Metal Chrome Plated Leg

For those who love the warmth the fabric adds to an environment, it is very easy to decide on the fabric with which the seat is finished that is compatible with the overall design of the room.

Swivel body increases movement capability, and fabric provides a comfortable working environment. While the combination of one-color fabric on the front and figured fabric on the rear, the sides, and the seat widens the range of possible choices, the chrome-coated leg used in all products adds gravitas to these models.
